When: September 15 from 8:30 am to 10 am

Where: Husker Harvest days, tent next to UNL red steel
building lot #321

Please refer to your email sent on 8/17 to RSVP

My name is Elaine Pile from Gering Nebraska. Although I grew up on a farm/ranch in Banner County, I did not participate in 4-H. In 2000 I joined the Nebraska Extension Master Gardener program in Scottsbluff, and my Extension journey began. Little did I know, my love for gardening would lead me into advocacy efforts for Nebraska Extension! Soon after joining the Master Gardener program, I was elected to serve on the Scotts Bluff/Morrill County Extension Board, and in 2009 I began serving as a NACEB Director in Engagement Zone 1, which encompasses 11 counties in the Panhandle. I serve as the Treasurer for the Scotts Bluff/Morrill Board, and am the Nominating Committee Chairperson for the NACEB Board of Directors.

My husband, Bob, and I have been married 48 years and continue to operate the farm and ranch properties on which we were raised. In addition, Bob worked for a local cooperative for 41 years, and I worked for a local bank for 36 years. We met while attending Western Nebraska Community College in Scottsbluff and earned our Bachelor's Degrees from Chadron State College. We are active in First United Methodist Church, Rotary, WNCC Foundation and other community organizations. We enjoy spending time with our families and friends, farming and gardening, keeping up with the activities of our nieces and nephews, riding our four-wheelers, traveling (especially to the mountains), watching NASCAR and Husker football, and following the volleyball and basketball teams from Western Nebraska Community College.

I have learned so much from my affiliation with Nebraska Extension, thus enabling me to give back to my community and share the knowledge I've gained. I've made lasting friendships, and am proud to advocate for the people and programs of Nebraska Extension!
